APPLICATIONS

This tool set can be widely applied in maintenance, repairmen and mounting for electronic, computer, communication and optical instruments as well as other precision equipment.

DESCRIPTION

ATSDP-S twelve piece screwdriver set includes 12 screwdrivers with different specs, 8 Slotted and 4 Phillips. This complete set of screwdrivers provides professional solutions and durability can meet different tooling requirements.

Ergonomic rubber grip handle makes the user feel very comfortable and allows a great deal of torque when tightening and loosening a stubborn screw.

With rotating cap on the bottom of the handle, it's more convenient for precise turning and controlling with fingers.

The blade is made of alloy steel which can efficiently transfer every bit of generated torque directly into the tip.

Through special processing, the handle is molded onto blade for permanent bonding.
